

INTERNATIONAL
SYMPOSIUM ON
LABELLING AND
AUTHENTICITY OF
SEAFOOD

ISLAS 2014

25th and 26th November 2014 VIGO, Spain

INTERNATIONAL SYMPOSIUM ON LABELLING AND AUTHENTICITY OF SEAFOOD

25th and 26th November 2014 VIGO, Spain

The ISLAS 2014 event will take place at Centro Social Afundación in Vigo (Pontevedra, Spain). The conference is organized by the Marine Research Institute (IIM-CSIC) within the project Labelfish: Atlantic Network on Genetic Control of Fish and Seafood Labelling and Traceability. The conference will bring together researchers, scientists, policy makers, industrial professionals and students to exchange and share their experiences, new ideas and research results related to labelling, traceability and authentication of Seafood.

**Call for Papers: Submission open from 1st September.
Deadline 10th October 2014**

For submitting an abstract [click here](#)

**Free attendance to full capacity (by registration order). Registration open
from 1st September. Deadline 31st October 2014**

For registration only [click here](#)

Abstracts submission for ISLAS 2014

Abstracts related with different aspects of seafood labelling and traceability, consumer perception of labelling and traceability, sustainability and conservation issues and development of authentication methodologies should describe original work, the approach used and a clear statement of the main results and conclusions. Abstracts should be no longer than 2500 characters.

The ISLAS 2014 language will be English.

The submission deadline is October 10st.

Abstracts for oral and poster presentations are invited on the topics below:

- Seafood Labelling and Traceability: industry perspective
- Seafood Labelling and Traceability: Consumers perspective and education
- Seafood Labelling: Environmental and Conservation issues
- Progress on Seafood Authentication Methodologies

Oral presentations

The time available for each speaker will be 15 minutes.

Presentations should be prepared using PowerPoint (.ppt/.pptx format).

Due to the limited number of oral presentations some authors who have submitted an abstract for an oral presentation might be asked to submit a poster presentation instead.

Posters

Posters should be made in standard poster size 90 cm X 120 cm (width x height).

Poster award: the scientific committee will select the best poster, which author will be awarded with a Best Poster Award certification.

Legal Considerations

By submitting an abstract, authors agree to grant the organizers of the conference the right to publish it in the book of abstracts, to be distributed at the ISLAS 2014. The material should not have been published elsewhere before the meeting. The conference organizers will aim to include most relevant papers in a special issue of FRONTIERS (<http://www.frontiersin.org>). Authors should ensure that publication in the book of abstracts does not conflict with the rights of third parties, nor violates non-disclosure agreements or copyright laws.

INTERNATIONAL SYMPOSIUM ON LABELLING AND AUTHENTICITY OF SEAFOOD

Preliminary program

25th November 2014

- 8.30-9.15 h • Registration
- 9.15-9.45 h • Opening and welcome to ISLAS 2014

Latest labelling legislation and governance for seafood. Chair: RICARDO PEREZ

- 9.45-10.15 h • Labelling requirements for seafood with the EU 1379/2013 of the Common Market Organization. Aurora de Blas (MAGRAMA, Spain)
- 10.15-10.45 h • Food fraud: official control in Spain. Cristina Clemente (MAGRAMA, Spain)
- 10.45-11.15 h • Coffee break- Set up posters for poster session

Seafood labelling and Traceability: industry perspective. Chair: ROGERIO MENDES

- 11.15-11.45 h • Challenges and Opportunities with traceability and labelling: ThisFish experience in Canada and abroad. Eric Enno Tamm (ThisFish Canada).
- 11.45-12.15 h • Labelling of canned seafood. The perspective of the Portuguese canning industry. Narciso Castro e Melo (ANICP)
- 12.15-12.45 h • Traceability as a tool for quality labels. Case study: Gambas de Palamós. Cristina Mañas (Spain).
- 12.45-13.00 h • Labelling and authenticity of the Latin American Shrimp. Marcos Moya (Spain)
- 13.00-14.30 h • Lunch-poster session

Seafood labelling and Traceability: Consumers. Chair: DOMINGO CALVO

- 14.30-15.00 h • Perspective of the Spanish Agency for consumer affairs about Seafood Labelling. Official control. Carlos Arnaiz (INC, Spain)
- 15.00-15.30 h • Communication and educational campaigns for sustainable fishing. The case of MSC. Cátia Meira (MSC, Spain)
- 15.30-16.00 h • Quality of fish products, traceability and labelling: Discovering new challenges and opportunities. Domingo Calvo (University of La Coruña, Spain)
- 16.00-16.30 h • Coffee break

Seafood authentication: Methodologies. Chair: UTE SCHRÖDER

- 16.30-17.00 h • DNA barcoding for seafood authentication. Robert Hanner (Canadian Barcode of Life Network)
- 17.00-17.30 h • New and rapid methods for seafood authentication. Isothermal amplification methods and NGS for Seafood Authentication. Ilka Haase (Eurofins Genomics, Germany)
- 17.30-18.00 h • Harmonisation and standardization of seafood authentication methodologies. Labelfish approach. Sara Vandamme (University of Salford, United Kingdom)

**INTERNATIONAL SYMPOSIUM ON LABELLING AND
AUTHENTICITY OF SEAFOOD**

Preliminary program

26th November 2014

Seafood labelling: Environmental and Conservation issues.

Chair: STEFANO MARIANI

- | | |
|---------------|--|
| 9.30-10.00 h | • Mislabelling in hake trade. Ecological and socioeconomic implications. Eva Garcia-Vazquez (University of Oviedo, Spain) |
| 10.00-10.15 h | • DNA barcoding identification of commercialized seafood in South Brazil: A governmental regulatory forensic program. Daniel Cardoso Carvalho (Pontifical Catholic University of Minas Gerais, Brazil) |
| 10.15-10.45 h | • Flags of Convenience and IUU fishing: implications for transparency of markets. Dana Miller (University of British Columbia, Canada) |
| 10.45-11.00 h | • Europe-wide DNA assessment of retail fish products: label accuracy on the rise. Stefano Mariani (University of Salford, United Kingdom) |
| 11.00-11.30 h | • Coffee break |

Progress on Seafood Authentication Methodology.

Chair: VERONIQUE VERREZ

- | | |
|----------------|---|
| 11.30-12.00 h | • Analytical methodologies to identify seafood geographic origin, production method and processing. Iciar Martínez (University of Basque Country, Spain) |
| 12.00-12.30 h | • New and rapid methods for seafood authentication. Isothermal amplification methods and Dipstick devices. David Brooks (TwistDX, United Kingdom) |
| 12.30- 12.45 h | • Innovative Proteomics platform for the rapid authentication of seafood products. Mónica Carrera (IIM-CSIC, Spain) |
| 12.45-13.15 h | • Recent innovations in molecular biology analysis to trace microbial ecology of fish. Didier Montet (CIRAD, France) |
| 13.15-13.30 h | • Population genetics as a tool for authentication of the origin of marine fish: A comparative study on Saithe (<i>Pollachius virens</i>). Konstanze Behrmann (Hamburg School of Food Science, Germany) |
| 13.30-14.45 h | • Lunch-poster session |
| 14.45-15.15 h | • On site RT-PCR for tuna authentication. Miguel Ángel Pardo (AZTI, Spain) |
| 15.15-15.30 h | • DNA metabarcoding of fish species: A performance comparison of benchtop sequencers. Martijn Staats (Institute of Food Safety, The Netherlands) |
| 15.30-16.15 h | • Poster award, Concluding remarks and Closing. |
